

Zebra Print DNA

Your Printers' Built-in Advantage

Where others stop, Zebra keeps you fully covered with software for every kind of user, every use case, for the entire lifecycle of the printer

Every Hardware Purchase is a Software Purchase in Disguise

Exceptional hardware is no longer enough

In today's reality, durable printers are essential, but it's the software inside that will keep them in action and off your to-do list. Zebra Print DNA's built-in suite of software capabilities is our way of making sure your Zebra printers work at their highest potential. It leverages everything we've learned about technology, users, and thousands of use cases to provide printer self-reliance.

With Zebra Print DNA, your Zebra printers work the way they're supposed to, so your team can simply print what they need, when they need it, year after year. You can stay a step ahead with remote management tools, heightened security, and ongoing updates that enable your printers to work at optimized performance over their entire lifecycle. You'll experience the peace of mind and hassle-free printing your business demands, even as your business needs change.

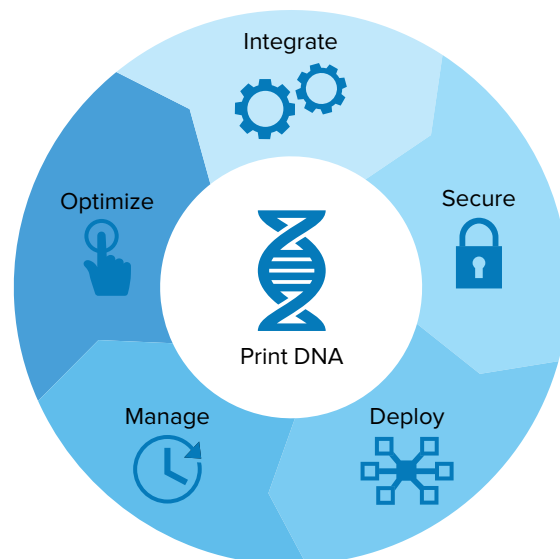

Software is The Differentiator

Zebra Hardware plus Zebra Software

Your hardware interactions will change over time. Without the right software, your printers won't be able to adapt to your evolving business needs.

With Zebra Print DNA, you're empowered from the start with built-in applications, utilities and tools that maximize your printer performance from integration, security and deployment for easier management and user optimization.

Zebra Print DNA enables your hardware to become agile and dynamic, increasing your ROI and helping to ensure your printers meet your business needs today and tomorrow.

Integrate

Effortlessly customize and integrate your printer apps for multiple environments and infrastructures.

- Securely connect printers into cloud-based apps
- Integrate apps into systems with less cost and effort
- Add label and receipt printing to mobile solutions

Multiplatform SDK

Customize apps, supporting the most popular operating systems

Browser Print

Create feature-rich, high-impact browser-based apps

Network Connect

Cut the costs and time to integrate a printing solution with your systems

Cloud Connect

Securely integrate printers into cloud-based apps

PrintConnect

Add label and receipt printing to mobile solutions

PDF Direct

Print PDF documents directly from ERP systems without middleware

ZebraDesigner

Quickly and easily design customized print solution

Virtual Devices (Printer Emulations)

Effortlessly integrate the printer into existing print systems

Zebra Print DNA Empowers Your Teams

Give your teams the tools they need to solve the challenges unique to their roles.

IT Administrators

Access security and control, as well as simplified printer management, to eliminate time-intensive configurations and security vulnerabilities.

Operations Managers

Locate, power and optimize printers to maximize uptime, avoiding the risks of printer failures and costly troubleshooting.

Frontline Workers

Optimized printers and software tools for a user-friendly experience, reduce sluggish performance, streamline tasks and increase productivity.

App Developers and Independent Software Vendors

Gain swift, smooth integration with apps that are straightforward and simple to prevent deployment delays.

Secure

Give IT the ability to uncover potential printer security vulnerabilities and defend against cyber attacks.

- Auto-update Wi-Fi certificates
- Encrypt connections and block unauthorized use
- Safely retire printers with a single command

PrintSecure

Secure connections, block unwanted access and protect data and infrastructure

Printer Setup Utilities (Security Assessment Wizard)

Uncover vulnerabilities by comparing settings against security best practices

PrintSecure (Secure Boot)

Only allow software and firmware signed with approved keys to execute

Deploy

Accelerate printer fleet rollouts with an easy-to-use setup wizard, remote access and streamlined steps.

- No specialized knowledge required
- The setup wizard detects your printers
- Create a profile and send to many printers

Printer Setup Utilities

Simplify configuration of printers out of the box

Printer Profile Manager Enterprise

Discover all your networked printers and distribute configurations via your browser

Pairing Solutions

Scan, tap or touch to pair printers to devices and launch an app

Manage

Enable IT to remotely and conveniently manage and maintain printers anywhere, anytime.

- Minimize printer management time and costs
- Assess real-time metrics on printers
- Connect printers to popular EMM solutions

Printer Profile Manager Enterprise

Remotely manage printers anywhere, anytime

MDM/EMM Connectors

Manage your printers with the most popular EMM tools

Bluetooth® Printer Management

Gain real-time metrics on your printers

Virtual Devices

Allow printers to emulate legacy languages

Managed Print Services

Track the performance of printers and utilization of supplies to better manage both

Automated Wi-Fi Cert (PrintSecure)

Ensure printers have their own unique Wi-Fi certificate that auto-updates when expired

PowerPrecision

Ensure the best possible print output by ensuring battery power

Optimize

Offer everyone super simple, reliable printing to make their job so much easier to do.

- Emulate legacy command languages
- Ensure continuous output with battery insight
- Quickly pair printer with mobile devices

Virtual Devices (Printer Emulations)

Accelerate printer setup when a pre-existing print solution uses a non-Zebra command language, convert the language and even add benefits like security

Pairing Solutions

Simplify pairing printers with mobile devices

Print Station

Enable driverless printing from mobile solutions

Zebra DNA

Your Built-in Advantage

Zebra DNA is a suite of built-in software applications, utilities and tools that deliver the unmatched experiences your team gets over the lifetime of every Zebra device—from mobile computers to scanners, printers, RFID readers and more.

That Zebra DNA advantage powers your Zebra hardware investment with capabilities that draw on decades of learning to deliver a full lifecycle of exceptional experiences for every kind of user.
